Standard Vertical Water Only

Our Vertical Water Tanks are manufactured in Canada to strict quality guidelines to ensure years of high-performance use. The black color limits light penetration, which reduces the growth of waterborne algae. These tanks are rated at 10 pounds per imperial gallon, which means they are for **water storage only!** They should not be used for chemicals, fertilizers or any other product. Where applicable, the tanks are potable water certified.

- Economical
- Resins that meet FDA specifications to ensure safe storage of potable water
- Tie-down slots (Useful if sight gauge is installed - sold separately)
- Molded graduated gallonage indicators
- 16" Lid
- Self-vented, slosh proof lids

Please contact BARR Plastics for more specific information regarding certifications (must be done at time of order if required).

USG	IG	LTR	1.0 SG Part #	Diameter (in)	Height (in)	Lid/Fill Opening	Bottom/Top Fittings (in)	Weight (lbs)
