

## Flat Skid Firefighting Unit

Fire Fighting & Containment

### The Challenge

Due to more frequent dry weather and forest fires in BC, a notable Forestry Management company required more fast response but economical fire-fighting equipment that would fit quickly onto their existing trucks and equipment with no significant modifications to the vehicles.

### The Solution

The customer provided us with the truck and we custom designed and manufactured a skid mounted 1035 US Gallon quick response firefighting unit with a high performance fire-fighting pump and foam injector kit.

### Project Team

**Designer:** Barr Plastics

**Manufacturer:** Barr Plastics

### BARR Product

FF1035FL-GHWA300-D1
